

**Senate Bill No. 422**

**Public Act No. 06-38**

***AN ACT CONCERNING HEALTH INSURANCE COVERAGE FOR  
BREAST CANCER SCREENING.***

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. Section 38a-503 of the 2006 supplement to the general statutes is repealed and the following is substituted in lieu thereof (*Effective October 1, 2006*):

(a) Each individual health insurance policy providing coverage of the type specified in subdivisions (1), (2), (4), (6), (10), (11) and (12) of section 38a-469 delivered, issued for delivery, renewed, amended or continued in this state on or after October 1, 2001, shall provide benefits for mammographic examinations to any woman covered under the policy which are at least equal to the following minimum requirements: (1) A baseline mammogram for any woman who is thirty-five to thirty-nine years of age, inclusive; and (2) a mammogram every year for any woman who is forty years of age or older. Such policy shall provide additional benefits for comprehensive ultrasound screening of an entire breast or breasts if [such screening is recommended by a physician for a woman classified as a category 2, 3, 4 or 5 under] a mammogram demonstrates heterogeneous or dense breast tissue based on the Breast Imaging Reporting and Data System established by the American College of Radiology or if a woman is

**Senate Bill No. 422**

believed to be at increased risk for breast cancer due to family history or prior personal history of breast cancer, positive genetic testing or other indications as determined by a woman's physician or advanced practice registered nurse.

(b) Benefits under this section shall be subject to any policy provisions that apply to other services covered by such policy.

Sec. 2. Section 38a-530 of the 2006 supplement to the general statutes is repealed and the following is substituted in lieu thereof (*Effective October 1, 2006*):

(a) Each group health insurance policy providing coverage of the type specified in subdivisions (1), (2), (4), (11) and (12) of section 38a-469 delivered, issued for delivery, renewed, amended or continued in this state on or after October 1, 2001, shall provide benefits for mammographic examinations to any woman covered under the policy which are at least equal to the following minimum requirements: (1) A baseline mammogram for any woman who is thirty-five to thirty-nine years of age, inclusive; and (2) a mammogram every year for any woman who is forty years of age or older. Such policy shall provide additional benefits for comprehensive ultrasound screening of an entire breast or breasts if [such screening is recommended by a physician for a woman classified as a category 2, 3, 4 or 5 under] a mammogram demonstrates heterogeneous or dense breast tissue based on the Breast Imaging Reporting and Data System established by the American College of Radiology or if a woman is believed to be at increased risk for breast cancer due to family history or prior personal history of breast cancer, positive genetic testing or other indications as determined by a woman's physician or advanced practice registered nurse.

(b) Benefits under this section shall be subject to any policy provisions that apply to other services covered by such policy.
